

iPhone 18 Pro / Pro Max

Technical Specification Summary

Display

iPhone 18 Pro	6.3" Super Retina XDR OLED, 2622×1206 at 460 ppi
iPhone 18 Pro Max	6.9" Super Retina XDR OLED, 2868×1320 at 460 ppi
Common features	ProMotion up to 120Hz, Always-On, Dynamic Island, 1,000 nits typical / 3,000 nits peak (outdoor), HDR, True Tone

Chip & Performance

Chip	Apple A20 Pro — 6-core CPU, 7-core GPU with Neural Accelerators, 16-core Neural Engine
Graphics	Hardware-accelerated ray tracing

Camera System

Rear system	48MP Pro Fusion — Main (variable aperture, 24mm), Ultra Wide (13mm, 120° FOV), Telephoto (100mm, 4x optical, 8x optical-quality)
Zoom range	16x optical-quality zoom range, up to 40x digital
Front camera	18MP Center Stage, <i>f</i> /1.9, autofocus
Video	4K Dolby Vision up to 120 fps, ProRes RAW, Spatial Audio recording

Battery & Charging

iPhone 18 Pro	Up to 23 hrs typical use, 34 hrs video playback
iPhone 18 Pro Max	Up to 29 hrs typical use, 43 hrs video playback
Charging	Up to 50% in 15 min (60W USB-C) or 30 min (35W MagSafe); MagSafe & Qi2 wireless up to 25W

Build & Durability

Design	Aluminium unibody, Ceramic Shield 2 (front & back)
Water resistance	IP68 (6m, up to 30 minutes)
Finishes	Black, Silver, Glacier, Burgundy
Capacities	256GB / 512GB / 1TB / 2TB

Connectivity

Cellular	5G (sub-6GHz, 4x4 MIMO), Gigabit LTE, Apple C2 modem
Wireless	Wi-Fi 7, Bluetooth 6, second-gen Ultra Wideband, NFC
Port	USB-C (USB 3, up to 10 Gbps, DisplayPort output)

Software & Intelligence

Operating system	iOS 27
AI	Apple Intelligence with redesigned Siri — personal, conversational, privacy-focused

Sustainability

Materials	40% recycled content overall; 85% recycled aluminium enclosure, 100% recycled cobalt, gold, tin and rare earth elements
Packaging	100% fibre-based packaging
